WELCOME,

Thank you for your interest in joining [KAMK.GG](https://kamk.gg). Our organization began back in 2021 with the primary goal of bringing international esports activities to Finland while providing additional opportunities for those wishing to pursue a career in esports, including the students of Kajaani University Applied Sciences (KAMK).

Throughout the last year, we have cemented ourselves as a staple in the EMEA VALORANT community, and continue to expand our operations outside of the traditional walls of esports. Through innovations in the field of content creation, digital art and music, we have been able to highlight the incredible talents of our team and amazing community members.

In terms of what we are looking for in the next evolution of [KAMK.GG](https://kamk.gg) talent; your personal experience or knowledge base is not as valuable as pure commitment and passion.

Hard-working. Loyal. Focused.
